Post 130 Newsletter April 2017

Commander's Corner:

First, I want to welcome our newest Bartender, Sarah, to the family! She will be working a few shifts as she gets her feet wet, so if you are asked for your membership card by an unfamiliar face, please don't feel bad since she is just doing her job as she gets to know everyone.

The northern Members are beginning to head back north, and we will miss them until the fall. The schedule for the summer calls for Post maintenance and a good scrub cleaning. If you have extra paint, paint brushes, unwanted tools, tile, wood, or other building supplies, please consider donating them to the Post instead of throwing them out. We'll be looking to renovate the Dining Hall this summer and need all the support we can get.

The month of April means that the Member organizations will be taking their first officer slates at this month's meetings. If you have ever considered being an active Member of the Post, please come to the next scheduled meeting and get on the ballot! There are vacancies in each group and much needed help is always appreciated!

I want to personally thank Joe and Michelle Ragen for the Wednesday meals they have been cooking up. They both need to be on the next Top Chef episode! If you are looking for a culinary delight on the first and third Wednesday, please don't hesitate to try them out, you will not be dissatisfied!

The Riders are hosting a very big event this month. Even if you are not a Rider, your donation goes straight to the Legacy Fund, a Legion Scholarship for those children of servicemen and women who have died while serving, a truly worthy cause. Please consider dropping them a few dollars, which will go a long way.

As always, there is too much to include in the newsletter. Make sure you "like" our Facebook page to get all the weekly updates at "American Legion post 130," and you can get the newsletters and calendars on our website at [www.legionpost130.com](http://www.legionpost130.com).

For God and Country,

Matt Kindermann, Commander Post 130
