

Dana-Howard-Weekley Post 130 Newsletter May 2017

Commander's Corner:

The doldrums of summer are upon us, however, we are by no means slowing down! This month we will take our second Officers slate, and please note that the General Meeting has been rescheduled to the 4th Thursday of May due to scheduling conflicts. This will be the last slate before elections, so you have a few weeks to decide if you are interested in becoming a Post officer, and we have vacant positions available!

We have also authorized the purchase and installation of a new security system that will monitor the exterior of the building and the points of entry. We have heard from many of the members about their concerns on being recorded or monitored, and we want to assure you this is not the case. We all value our privacy inside our members only organization, and we do not want anyone to feel unwelcome or feel that that we support "Big Brother" monitoring, but we do also value our security, especially for our night staff and early morning staff. So, while the cameras may be put in different positions, I assure you that no electronic monitoring of activity inside the Lounge will be tolerated by your officers.

Memorial Day is coming up fast. As always, we will be planting flags at the local cemeteries on Saturday, May 27th. We will be meeting at the Post at 8am, and traveling from there. We should be done by 11am. This is a community service event, so if you have high school aged children that need volunteer service hours, this is a fine event to attend! Of course, our Memorial Day service will start at the Felda Cemetery at 9am, then move to the Ft Denaud Cemetery at 11am. Public welcome!

As usual, there is too much to include in the newsletter. Make sure you "like" our Facebook page to get all the weekly updates at "American Legion post 130," and you can get the newsletters and calendars on our website at www.legionpost130.com.

For God and Country,

Matt Kindermann, Commander Post 130
